**MOTION COMPOSITES
HELIO WHEELCHAIR**

Motion Composites' new lightweight, foldable, durable and adjustable wheelchair, the Helio, is the only ultra-light folding wheelchair in its class. The Helio innovation has been

made possible thanks to its incorporation of Formula 1 and aerospace technologies.

BETTER REST SOLUTIONS SOCLEAN CPAP SANITIZER

The SoClean CPAP Sanitizer is a safe, easy and natural way to thoroughly sanitize CPAP equipment. Sanitizing the entire system is as easy as placing the mask in the SoClean unit and walking away. SoClean uses a natural sanitizing process that is used in both the food and water treatment industries. SoClean revolutionizes the way people clean and maintain their CPAP machines, enabling them to breathe healthier air and be more compliant with their CPAP therapy. **Medtrade Booth 2755**

**HEALTHWARES ELBOW SUPPORT ARMREST
WITH SWIVEL HARDWARE**

Healthwares' Elbow Support Armrest supports the elbow while allowing forearm movement both toward and away from the body, and offers additional elbow support in a reclined position. It is available for the left- or right-hand side and can be cut to length to match the user's forearm. Space is provided at the end of the armrest for joystick controller hardware. Swivel mount hardware is available for the sides without controller hardware. A track mounting system allows for easy installation and positioning. Swivel mount hardware allows the armrest to swivel for precise positioning. **Medtrade Booth 2423**

SUNSET HEALTHCARE SOLUTIONS DELUXE CPAP MASKS

Sunset will debut a new line of Deluxe CPAP Masks at MedTrade 2012. Both new masks feature an extremely lightweight design and soft, replaceable silicone cushions. The Deluxe Full Face Mask has a streamlined footprint that creates a secure seal without the need for a forehead support. This leads to a clear line of sight and a fewer points of contact on the face, making it a great option for claustrophobic patients or those with reading glasses. The new Deluxe Nasal Mask features a one-piece molded silicone rubber frame that's lightweight, comfortable and easy to clean. **Medtrade Booth 1166 HCPCS: A7030** (full face), **A7034** (nasal)
