NEW PRODUCT

SUNSET HCS 6ft SLIM TUBE

Order# TUB006SS

CALL 877-578-6738
to place an order today

- Smaller diameter tube is lighter, more flexible and less bulky than standard CPAP tubes
- 22mm cuffs are easy to grip to remove the hose from the device
- Smooth interior and corrugated exterior for excellent flexibility and unrestricted interior flow characteristics
- Tubing cuff is injection molded directly onto the corrugated tube for added durability
- Low memory to avoid kinks
- All tubing produced by Sunset Healthcare Solutions is latex and BPA free
