

# SUNSET

HEALTHCARE SOLUTIONS

## SERVICE PARTNERS

For your convenience, Sunset partners with several fulfillment and logistics companies to offer services to help streamline your operations and add efficiencies. Each partner has the ability to warehouse and ship any Sunset product directly to your patient on your behalf – this can greatly reduce warehousing, forecasting and fulfillment costs.

When working with any of these partners, you will be billed directly from Sunset at your current price. For more information, contact your Sunset sales representative.

Jaysec offers auto-replenishment services through their referral and tracking software application, GoJaysec. They will fulfill and ship the order directly to your patient with real time shipping and delivery confirmations.

PPM integrates with your current software program to reduce your costs by outsourcing warehousing, inventory management and delivery of products for a low, flat rate. All products ship from their centrally located warehouse in Louisville, Kentucky.  
402-325-8891 • [info@ppmfulfillment.com](mailto:info@ppmfulfillment.com) • [www.ppmfulfillment.com](http://www.ppmfulfillment.com)

The VGM group offers a broad range of services for healthcare providers from accreditation to billing software to sales and marketing and everything in between. Their VGM Fulfillment division processes and ships orders directly to your patients the same day they are received.
