Mouth Strips

Item#
CAP1017
1 Box
of 28 Strips

SomniFix® Strips reduce open-mouth snoring, and can improve sleep quality, even if patients don't snore.

SomniFix® Strips are non-invasive sleep aids that curb mouth breathing. Unlike chin straps, SomniFix Strips gently adhere to the lips and allow for natural jaw movement while keeping the lips closed to prevent mouth breathing. A smaller breathing vent allows partial airflow.

Snugz is a machine washable, one-size-fits-most liner for CPAP masks that is designed to help reduce noisy leaks, prevent redness and irritation, and feel great against the skin. The liner helps to grip the skin and keep the mask in place around the nose and mouth, reducing the need for a chinstrap. The improved seal is especially beneficial for high-pressure/high-flow PAP patients and can reduce nightly sleep disturbances and AHI.
